## Event Description

This Invitation to Bid (ITB) is for a one-time materials only purchase of four (4) new motorized sliding detention grade gates. Doors are required to meet ASTM F1643-01 Standard Test Methods for Detention Sliding Door Locking Device Assembly and pass 500,000 cycle test. These gates shall be assembled into a complete operational unit at the factory or suppliers shop. When these gates get delivered to the site each one needs to be ready for the facility to crane into place, weld per manufacturer recommendations and connect to existing control and power wiring in the field with minimal modifications to existing infrastructure. All labor to install will be performed by TDOC Agency Resources. Respondents may schedule an appointment to visit the facility and meet with ITS and Maintenance staff prior to submitting their bid but it is not required.

All freight and delivery charges shall be included with the bid price. Delivery of the materials shall be made to the warehouse dock or maintenance building and a TDOC forklift can unload the units for inspection and storage before signing off on the delivery. Upon completion of this project, the awarded Respondent shall deliver the required spare parts, training, and O&M Manuals to the WTSP Facility. This date of delivery will be documented as the date of substantial completion and begin the warranty period per these specifications.

Specifications and terms & conditions are attached.
